

## Small Pleasure Craft Safety Identification

This voluntary safety scheme applies to non powered pleasure craft under 5 metres in length.

It includes kayaks, canoes, paddle boards, windsurf/sailboards, kite boards and sailing craft.

When you are engaged in watersports activities at sea and you get into difficulty and for whatever reason are unable to raise assistance, is there anyone ashore who knows what to do if you fail to return at your estimated time.

Would a friend or relative know who to contact and would they know sufficient detail about your pleasure craft and your likely whereabouts to assist ABDF CG locate you.

Would it not be a comfort when you set out for your watersports to know that ABDG CG have some details of you, your craft and likely whereabouts on a small craft database, should you get into difficulty at sea.

This scheme is free and is for the benefit of the owners of these pleasure craft.

Complete the ADOMS form (from office below) or register online, giving details of type of craft, size and colour, lifesaving equipment, usual area(s) of operation and details of a shore contact to assist ABDF CG should search and rescue action ever become necessary.

The information provided will only be used for search and rescue and safety purposes.
